### A CHANGE IN THE ONLINE ADDRESS FOR *FLUORIDE*

Some difficulties have been experienced in recent months in the People's Republic of China in accessing *Fluoride* at [www.fluorideresearch.org](http://www.fluorideresearch.org). To try to overcome this problem the website has been changed to [www.fluorideresearch.online](http://www.fluorideresearch.online). The issues for the past few years have been changed to the new address and over time the rest will also be changed. However, I am happy to make the change for any particular issue on request, E-mail: [spittle727@gmail.com](mailto:spittle727@gmail.com). The old address of [www.fluorideresearch.org](http://www.fluorideresearch.org) will continue to work outside of the People's Republic of China.
