### **E-PUBLICATIONS AHEAD OF COPY-EDITING, TYPE-SETTING, AND PRINT**

Papers which have been accepted for publication in *Fluoride* after peer review will now be published on the *Fluoride website* after one or two days as E-PUBLICATIONS AHEAD OF COPY-EDITING, TYPE-SETTING, AND PRINT. This is being done to minimize the time between acceptance and publication in some form which is important for providing timeliness of publication and author needs, including those for graduation and promotion. After the papers have been copy-edited and type-set they will be moved to the section of E-PUBLICATIONS AHEAD OF PRINT and then, in due course, appear in print with the final volume and page numbers. The effort to publish all papers in their final form as quickly as possible will continue.

Bruce Spittle, Editor-in-Chief, *Fluoride*

### **EXPLANATION FOR SOME PAGE NUMBERS BEING IN YELLOW RECTANGLES**

Some of the page numbers in this issue are in yellow rectangles. This followed my losing a hard drive which had the copies in Adobe Framemaker of the papers. I had only PDF backups left of some of the copy-edited and type-set papers and using the Adobe Text Box Tool was the most convenient way of adding the page numbers to these. I will try to back up files better in future. Bruce Spittle, Editor-in-Chief, *Fluoride*
