SUBSCRIPTION RATE: Subscription payments can be made for 2025 at the annual rate of NZ\$275 or US\$183. Papers are published online as Epublications within a few days of acceptance. The issues of Fluoride are published online as the numbers of papers becomes sufficient to make up issues of 56 or 60 pages and the print issues of Fluoride go to the printer about one month after their publication online to allow some time for error correction if required. The print issue is published quarterly near the end of the quarters January–March, April–June, July–September, and October–December. If the number of accepted papers allows it, more than four issues may be published in a year. The volume number for 2025 is 58. The issues each year will be numbered numerically, e.g., 58(1), 58(2), 58(3), etc. Page dimensions 297 x 205 mm. An exchange rate converter is available at <http://www.xe.com/ucc> No agency discount available.
