25 May 2021

Dear Madam/Sir

I enclose a revised letter on the rates for *Fluoride* for 2021 together with answers to some questions. An important change is that cheques will no longer be accepted by New Zealand banks after 30 June 2021.

Yours sincerely

A handwritten signature in cursive script that reads "Bruce Spittle".

The rates for *Fluoride* ISSN 0015-4725 in hard copy for 2021 have had to be considerably increased because of marked increases in printing, postal, and banking charges, compared to those for 2020. I appreciate this may make it difficult for some subscribers to continue to receive *Fluoride* in hard copy but free access to *Fluoride* as an open access journal will remain at <http://www.fluorideresearch.online>

The rates for 2021 (set at the exchange rates present on 12 October 2020) are: US\$183, Canadian\$240, £140, Japan¥19,000, €155, Australian\$253, or New Zealand\$275. A NZ\$20 discount is available if it is posted to a NZ address, i.e. NZ\$255, and a discount of A\$14 is available if posted to an Australian address, i.e., A\$239, as the postage is less. The cost of back issues has also risen to US\$20 per issue of approximately 96 pages to reflect the increased costs.

The subscription charges may be paid in any of the above currencies.

No agency discount is available.

Electronic access to the online version, ISSN 2253-4083, is available free at <http://www.fluorideresearch.online>. No password required. It is not necessary to have a hard copy subscription to access the free online access.

Volume number for 2021 is 54. Published quarterly.
